RESOURCE CENTER

Welcome To

NARC

Nonprofit organization specialized in helping new American Communities in Central Ohio to overcome their mental health challenges through education, advocacy, awareness, and recovery.

NEW AMERICAN RESOURCE CENTER

ELIMINATING GUN VIOLENCE SEMINAR

NEW AMERICAN RESOURCE CENTER

DROP THE GUN, PICKUP THE PEN

Education Is The Kindling Of A Flame, Not The Filling Of A Vessel.

Lets Educate Our Leaders Of Tomorrow, So As To Rest

Buule Ergal

DROP THE GUN, PICKUP THE PEN

"Drop the gun, pickup the pen" is a powerful mantra that encourages the pursuit of peace and resolution through communication and dialogue rather than resorting to violence.

DROP THE GUN, PICKUP THE PEN

- ❖ *From war torn country to wedge-wood, where gun violence is habituated*
- ❖ *Implementing this idea, some young generation has already started new bright life.*

SEMINAR OUTCOME

- ❖ *Promotes non-violence: "Drop the gun, pickup the pen" encourages young people to resolve conflicts and express themselves through peaceful means, such as writing, rather than resorting to violence or weapons. This fosters a safer and more harmonious society.*
- ❖ *Develops critical thinking skills: Engaging with the written word enhances critical thinking abilities. By encouraging young people to pick up a pen, they are motivated to analyze, evaluate, and express their thoughts in a coherent and logical manner, which can significantly benefit their academic and professional pursuits.*
- ❖ *Provides a platform for advocacy and social change: Writing has historically played a significant role in advocating for social change.*

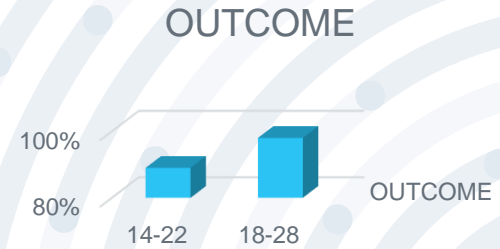

TARGET AUDIENCE DATA

NEW AMERICAN GUN VIOLENCE

INTERVENTION MODULE

- ❖ *New American Resource Center Has Waged (Pm)*
- ❖ *Prevention Module, That Prevents From Ill Activities,*
- ❖ *We Have Recommended Those Preventive Activities.*

Group Age	Places	Activities	Outcome
14-22	Wedgewood	Youth ill-activities (Drugs, Hanging around unsupervised hours)	89%
18-28	Wedgewood	Youth ill-activities (Drugs, Hanging around unsupervised hours)	98%

Thanks!
